

## Departmental Transfer Credit Coordinator List

[TransferCreditCenter@esue.ohio-state.edu](mailto:TransferCreditCenter@esue.ohio-state.edu)**IMPORTANT: Please consult your academic advisor first. Use these departmental contacts only if directed to do so by your advisor.**

1. Read the "[Understanding Your Transfer Credit Report \(Adobe File\)](#)" brochure for definitions of the transfer credit types.
2. Meet with your academic advisor to determine if courses need further evaluation. If you are a new student, you will work with an advisor during your orientation program.
3. If your advisor recommends that courses be further evaluated, contact the appropriate departmental Transfer Credit Coordinator.
  - a. Regional campus students should contact an academic advisor at the campus to which they have been admitted for information about Transfer Credit Coordinators located on the regional campuses (Lima: 419-995-8600, Mansfield: 419-755-4011, Marion: 740-389-6786, Newark: 740-366-9333, and Wooster: 330-287-1331).
4. Take your Transfer Credit Report and a copy of your transcript(s) to the appropriate Transfer Credit Coordinator (**NOTE:** Students are required to submit these documents before course work will be further evaluated). You should also be prepared to present additional materials (course descriptions, syllabi, titles of texts, notes, portfolio, etc.) if requested by the Transfer Credit Coordinator.

Suggestions: Course work designated as "deferred" should be evaluated within your first quarter of enrollment. Evaluation of this course work may have an impact on your course scheduling and degree requirements. If your advisor has recommended evaluation of general, special, or technical credit, the evaluation of this course work prior to course registration should help you avoid registering for courses that may duplicate course work taken at your previous institution(s).

Area code is "614" unless otherwise noted.

Mailing address is "Columbus, OH 43210" unless otherwise noted.

**NOTE:** This department does not consider literature or culture courses from overseas institutions to be equivalent to courses offered at Ohio State. While a student may receive General credits which count toward graduation, the department does not award specific credit for these courses. For example, Korean language, literature or culture courses taken by native speakers of Korean in an institution in Korea would be awarded General credit.
